PROFESSIONAL GAMING CHAIR

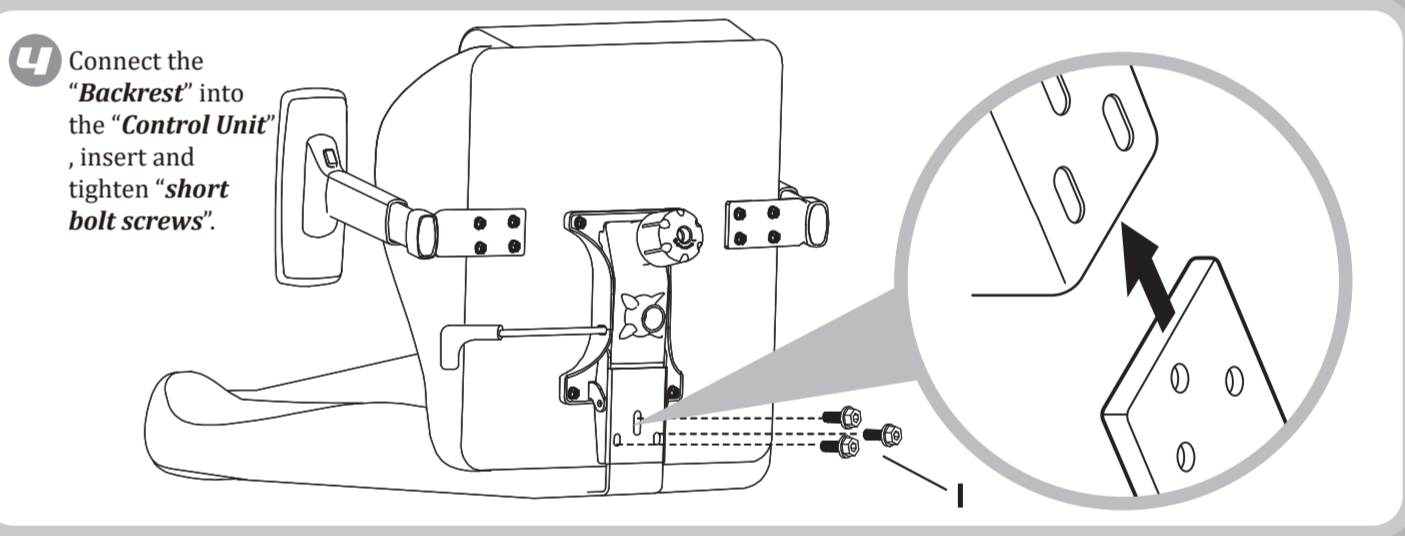

Insert and push each "Casters" into the "Foot Base" & insert the "Hydraulic lift" into the center of the base. 1

Connect the "Armrest" into the "Seat", insert all 4 bolts and use "Allen key" to tighten it from the bottom. 2

Align the "Control unit" with the holes under the "Seat", insert all bolts, screw and tighten it. 3

4 Connect the "Backrest" into the "Control Unit", insert and tighten "short bolt screws".

5 Insert top of the "Hydraulic lift" into the mounting hole on the "Control unit", then place the chair upright.
